BUILDING TRUST

KELLOGG'S TOLARAM NOODLES FACTORY

Project Description:

- Kellogg's Tolaram is a global company that specialized in snack business for the local and export market, which is a wholly owned subsidiary of the Joint Venture between Kellogg Company USA and Tolaram Group of Singapore.
- After many years of installing an old flooring system, The management of Kellogg's Tolaram saw the need to make a renovation of all the floors with respect to the food grade standard.

Project Requirements:

- As a Food manufacturing facility the floor is required to be seamless hygienic, it must be easy to clean and non-biodegradable. It must be free of cracks and pores and able to withstand harsh functional and environmental stresses.

Sika Solution:

- **Sikafloor® MultiDur ES-24 N** is multi-component, self-smoothing, solvent-free epoxy, provides continuous protection for concrete floors in light, medium and heavy duty applications.

- **The System offers** an innovative solution, Suitable as a wearing course in industries, such as automotive, electronics and pharmaceutical manufacturing, storage facilities and warehouses.

Products delivered:

Sikafloor® MultiDur ES-24 N

Why Sika:

■ **Sikafloor® MultiDur ES-24 N N has a unique properties that makes it the ideal solution for food and beverage manufacturing facilities:**

- Sikafloor MultiDur Systems is good value for money, because it is easy to apply, very durable and long lasting when correctly specified and installed for the desired application.
- Repair, maintenance, and downtime costs are minimal, while maximum mechanical wear & abrasion resistant and other resistances which support our promise of durability.
