1.1 Chemical
Normal setting additive, ready for use as a waterproofing admixture for mortar and concrete.

1.2 Characterization:

<table>
<thead>
<tr>
<th>Form</th>
<th>Color</th>
<th>Odor</th>
</tr>
</thead>
<tbody>
<tr>
<td>Liquid</td>
<td>Yellow</td>
<td>Characteristic</td>
</tr>
</tbody>
</table>

2. Physical Data and Safety Data

<table>
<thead>
<tr>
<th>Property</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Density, 20°C</td>
<td>~1.05 kg/l</td>
</tr>
<tr>
<td>PH value</td>
<td>7.5 (typical)</td>
</tr>
<tr>
<td>Hazardous decomposition</td>
<td>After evaporation of water, combustion will generate: Oxides of carbon. Acrylic monomers, acrid smoke and irritating fumes.</td>
</tr>
<tr>
<td>Hazardous Reactions</td>
<td>Exothermic reaction.</td>
</tr>
</tbody>
</table>

3. Safety Precautions
Avoid contact with skin and eyes.

4. Protective measures storage and handling

4.1 Technical protective measures

- Storage temperature min/max. +10 / +30 °C
- Keep only in the original container.
- Keep container tightly closed.
- Avoid the cement dust formation during application.
- Keep away from extremes of cold.

4.2 Personal Protective Equipment

- Respiratory protection: Protection mask.
- Eye Protection: Tightly fitting protective goggles
- Hand Protection: Gloves. E.g. rubber, minimum thickness 1.4 mm
- Others: N.A

4.3 Industrial Hygiene
During use. Eating, drinking or smoking is not allowed. Remove immediately contaminated clothing. Wash hands before breaks and after work.

4.4 Protection Against Fire and Explosion
N.A.

4.5 Disposal
Dispose as special waste: mixture of water and hydrocarbons.

5. Measures in Case of Accidents

- Fight fire with CO₂, Foam or dry powder.

5.1 After spillage or leakage

- Remove with absorbing material and dispose as prescribed
- Remove residues with water.

5.2 Extinguish media: Water, foam carbon dioxide, dry powder.

N.A = not applicable              blank = no data available
5.3 First Aid:  
In case of contact with eyes. Rinse immediately under running water for 15 minutes with eyelids open. Seek medical advice.  
Take off immediately all contaminated clothing. Wash contaminated skin with plenty of soap and water.  
If swallowed, drink copious amounts of water without delay and seek medical advice. Do not induce vomiting.

6. Transport  
Non-hazardous.

7. Toxicology  
Non-toxic under relevant health and safety codes.

8. Ecology  
Don’t release into water supplies or the ground. In cured state the product is not known to cause an adverse environmental effect. Because of the high pH value the product can be injurious to aquatic life.

9. Stability and reactivity  
Chemical stability  
This material is thermally stable when stored and used as directed.

Conditions to avoid:  
Evaluated temperatures.

Incompatible Materials:  
No information available.

Hazardous decomposition products:  
Oxides of carbon, smoke and other toxic fumes.

Hazardous reactions:  
No information available.

10. Disposal considerations  
Refer to State/Territory Land Waste Management Authority.
11. Regulatory information
   Poisons Schedule (Aust):
   Not applicable.

12. Handling and storage
   Handling:
   Avoid skin and eye contact.

   Storage:
   Store in a cool, dry, well-ventilated place and out of direct sunlight. Store away from incompatible materials described in section 9.
   Keep containers closed when not in use – check regularly for leaks.

13. Exposure controls/personal protection
   National occupational exposure limits:
   No value assigned for this specific material

   Biological limit values:
   As per the "National Model Regulations for the control of Workplace Hazardous Substances [NOHSC: 1005 (1994)]" the ingredients in this material do not have a Biological Limit Allocated.

   Engineering measures:
   Provide exhaust ventilation where operating conditions may create excessive work place vapor or mists.

   Personal protection equipment:
   OVERALLS, SAFETY SHOES, SAFETY GLASSES, GLOVES.

   Wear overalls, safety glasses and impervious gloves.

14. Fire-fighting measures:
   Specific hazards:
   Non – combustible material.

   Specific protective precautions and equipment:
   Fire fighters to wear self-contained breathing apparatus and suitable protective clothing if risk of exposure to vapor or products of combustion.
15. **Hazard identification**
   Hazard Category:
   Risk Phrase(s):
   Safety Phrase(s):

16. **Consumption/information on ingredients**
    **Chemical characterization:**
    Normal setting additive, ready for use as a waterproofing admixture for mortar and concrete.

    **Hazardous ingredients:**
